Solvability of the Goursat problem in quadratures

Zhegalov V., Sarvarova I.

Kazan Federal University, 420008, Kremlevskaya 18, Kazan, Russia

Abstract

We find new variants of Goursat problem solution in quadratures on the basis of the combination of the Riemann method and the cascade integration. The results are applied to two Volterra equations with particular integrals. © 2013 Allerton Press, Inc.
